Lower your printing costs

For low-volume print users, our standard cartridge provides a fantastic value option upfront. Alternatively, high-volume users can reduce printing costs by up to 30%¹ by investing in our XL cartridges. What's more, with XL inks you can print up to three times more pages¹, minimising time spent changing cartridges. With both sizes, the inks are supplied individually so only the colour used needs to be replaced. That means less wastage and great value.

Meet the range

Our all-pigment DURABrite Ultra Ink creates sharp, long-lasting and robust documents that are water, smudge and highlighter resistant. They're also quick-drying, which minimises the risk of smudging when printing on both sides.

Optimised for Epson printers

Epson inks and papers have been developed to work hand-in-hand with Epson printers to produce the best results time and time again.

The genuine article

Enjoy hassle-free and reliable printing with Epson's genuine inks. We invest in extensive research, high-tech manufacturing facilities and put our products through rigorous tests, to deliver the best quality product to you.
