A quality investment for years of comfortable typing under heavy office use.

Full-size, comfortable palm rest

Provides extra comfort to keep employees productive throughout the day.

Spill-resistant design

Helps protect your investment from losses caused by common office spills like coffee.¹

Modern, elegant profile

Sophisticated design helps create an attractive workspace that employees enjoy.

Nearly-silent, low-profile keys with smooth action typing

Ensure comfortable and quiet typing around the office.

Keys designed to withstand up to 10 million keystrokes

Keys are designed to take years of heavy office use, protecting the longevity of your investment.

Full-size keyboard layout with shortcut keys

All computing control tools are intuitively designed for easy reach.

High-quality, padded key prints with UV coating

Prevents letters and numbers from wearing down over time, minimizing employee requests for a replacement keyboard.

Tilt legs

Set the angle of the keyboard so it fits just right.

LED notification center

Visually signals the typing mode - caps, scroll, number lock

USB plug-and-play setup

Works right out of the box for maximum efficiency — no software installation required.
