Apple 45W MagSafe 2 power adapter/inverter

Artikel	104625
Herstellernummer	MD592Z/A
EAN	0885909611607
Apple	

Use an extra adapter for home or work. The Apple 45W MagSafe 2 Power Adapter is made specifically for your MacBook Air. It's held in place magnetically, so if someone trips over it, the lead disconnects harmlessly and your notebook stays put safely.

The 45W MagSafe 2 Power Adapter features a magnetic DC connector, so if someone trips over it, the lead disconnects harmlessly and your MacBook Air stays put safely. It also helps prevent fraying or weakening of the cables over time. And the magnetic DC helps guide the plug into the system for a quick and secure connection.

When the connection is secure, an LED located at the head of the DC connector lights up; an amber light lets you know that your notebook is charging, while a green light tells you that you have a full charge. An AC lead is provided with the adapter for maximum lead length, while the AC wall adapter (also provided) gives you an even easier and more compact way to travel.

Designed to be the perfect travelling companion, the adapter has a clever design that allows the DC cable to be wound neatly around itself for easy cable storage.

This power adapter recharges the lithium polymer battery while the system is off, on or in sleep mode. It also powers the system if you choose to operate without a battery.

Compatible only with MacBook Air featuring MagSafe 2 power port.

Apple 45W MagSafe 2, Laptop, Indoor, 100-240 V, 50/60 Hz, 45 W, AC-to-DC

Apple 45W MagSafe 2. Purpose: Laptop, Power supply type: Indoor, Input voltage: 100-240 V. Connector(s): MagSafe 2. Product colour: White. Included power plug types: EU

Merkmale

Logistics data

Harmonized System (HS) code	85044095

Packaging content

Included power plug types	EU

Packaging data

AC adapter included	Yes

Performance

Connector(s)	MagSafe 2

Design

Product colour	White
LED indicators	Yes

Operational conditions

Operating temperature (T-T)	0 - 40 °C
Storage temperature (T-T)	-20 - 60 °C
Operating relative humidity (H-H)	20 - 80%
Storage relative humidity (H-H)	10 - 90%

Features

Purpose	Laptop
Power supply type	Indoor
Power current type	AC-to-DC
Input voltage	100-240 V
Input frequency	50/60 Hz
Output power	45 W
Compatibility	Apple MacBook Air
