

# Samsung Portable SSD T7

---

<b>Artikel</b>	122692
<b>Herstellernummer</b>	MU-PC1T0T/WW
<b>EAN</b>	8806090351679
Samsung	

## **The new norm in external storage**

Light and pocket-sized, the Portable SSD T7 both delivers fast speeds and safeguards data for an easy way to store and transfer large files. Experience everyday high performance in your work and play with the T7.

## **Transfer in a flash**

Transfer massive files within seconds with the incredible speed of USB 3.2 Gen 2 on the T7. The embedded PCIe NVMe technology facilitates sequential read/write speeds of up to 1,050/1,000 MB/s, respectively, making the T7 almost twice as fast as the previous T5 model.

## **Built strong and secure**

SSD stands for Solid State Drive, which means it's built with no moving parts. The hardware can be secured with an AES 256-bit encrypted password and is encased in a sturdy metal body that keeps data intact from falls of up to 2 meters.

## **Sophisticated thermal solution**

Use T7 without worrying about overheating. The T7's advanced thermal solution uses ePCM technology and the Dynamic Thermal Guard to withstand and control heat, so the compact SSD stays at an optimal temperature even at fast speeds.

## **Sleek and compact style**

Pocket-sized and slim, the lightweight body comes standard on the T7. Roughly the size of a credit card and weighing in at 58 grams, the solid aluminum unibody construction fits comfortably in the palm of your hand.

## **Find your best fit**

The T7 gives you a range of options so you can find your perfect match. Pick a color from classic black to striking blue and red, and choose from three capacities to fit what your lifestyle demands: 500GB, 1TB, or 2TB.

## **Multi-device compatibility**

Access your files anytime, anywhere. The T7 is compatible with PC, Mac, Android devices, gaming consoles, and more. Included in the box are USB Type C-to-C and Type C-to-A cables for added convenience.

## **Management software**

The T7 comes embedded with upgraded software for PCs and Macs to help you set up a password and get the latest firmware updates. You can also download the mobile app for Android smartphones and tablets.

## **World's No. 1 Flash Memory**

Experience the superior performance and reliability that you can only get from the world's number one brand for flash memory since 2002. All firmware and components, including Samsung's world-renowned DRAM and NAND, are produced in-house, allowing end-to-end integration for quality you can trust.

Samsung Portable SSD T7, 1000 GB, USB Type-C, 3.2 Gen 2 (3.1 Gen 2), 1050 MB/s, Password protection, Grey

Samsung Portable SSD T7. SSD capacity: 1000 GB. USB connector: USB Type-C, USB version: 3.2 Gen 2 (3.1 Gen 2). Read speed: 1050 MB/s, Write speed: 1000 MB/s. Password protection, Product colour: Grey

## Merkmale

---

### Logistics data

Harmonized System (HS) code	84717070
-----------------------------	----------

### Packaging data

Package type	Box
--------------	-----

### Solid state drive

SSD capacity	1000 GB
NVMe	Y
Read speed	1050 MB/s
Write speed	1000 MB/s

### Weight & dimensions

Width	85 mm
Depth	8 mm
Height	57 mm
Weight	58 g

## Technical details

Sustainability certificates	RoHS
-----------------------------	------

## Ports & interfaces

USB connector	USB Type-C
USB version	3.2 Gen 2 (3.1 Gen 2)
Wi-Fi	N

## Features

Housing material	Aluminium
Product colour	Grey
Password protection	Y
Hardware encryption	Y
Windows operating systems supported	Y
Mac operating systems supported	Y
Country of origin	South Korea
Certification	CE, BSMI, KC, VCCI, C-tick, FCC, IC, UL, TUV, CB, EAC
