External storage, evolved

Whether you're carrying games, movies or sensitive work files, the Portable SSD T7 Touch gives you speed and security in a palm-sized package. Experience the next level of external storage.

Transfer in a flash

Transfer massive files within seconds with the incredible speed of USB 3.2 Gen2 on the T7 Touch. The embedded PCIe NVMe™ technology facilitates sequential read/write speeds of up to 1,050/1,000 MB/s, respectively, making the T7 Touch almost twice as fast as the T5.

Built strong and safe

Durable design

SSD stands for Solid State Drive, which means it's built with no moving parts. A sturdy metal body encases the immobile hardware, keeping your data intact from falls of up to 2 meters. And the T7 Touch is confidently backed by a 3-year limited warranty.

Secure with a touch

Keep your private files secure without sacrificing convenience. The built-in security options on the T7 Touch utilise the AES 256-bit encryption and give you the option of unlocking with a touch of your finger or with a password.

Enlightening motion LED

The T7 Touch features an LED square that illuminates to keep you informed of what your SSD is doing at a glance. Choose from classic black, stylish silver and three capacities to suit your needs: 500GB, 1TB or 2TB.

Sleek and compact style

Pocket-sized and slim, the lightweight body comes standard on the T7 Touch. Roughly the size of a credit card and weighing in at 58 grams, the solid aluminium unibody construction fits comfortably in the palm of your hand.

Management software

The T7 Touch comes embedded with upgraded software for PCs and Macs to help you set up a password and fingerprints and get the latest firmware updates. You can also download the mobile app for Android smartphones and tablets.

Multi-device compatibility

Access your files anytime, anywhere. The T7 Touch is compatible with PC, Mac, Android devices, gaming consoles and more. Included in the box are USB Type C-to-C and Type C-to-A cables for added convenience.

World's No. 1 Flash Memory

Experience the superior performance and reliability that you can only get from the world's number one brand for flash memory since 2002. All firmware and components, including Samsung's world-renowned DRAM and NAND, are produced in-house, allowing end-to-end integration for quality you can trust.

Samsung Portable SSD T7 Touch 2TB - Black, 2 TB, USB Type-C, 3.2 Gen 2 (3.1 Gen 2), 1050 MB/s, Password protection, Black

Samsung Portable SSD T7 Touch 2TB - Black. SSD capacity: 2 TB. USB connector: USB Type-C, USB version: 3.2 Gen 2 (3.1 Gen 2). Read speed: 1050 MB/s, Write speed: 1000 MB/s. Password protection. Product colour: Black

Merkmale

Logistics data		Solid state drive	
Harmonized System (HS) code	84717070	SSD capacity	2 TB
		NVMe	Yes
		Read speed	1050 MB/s
		Write speed	1000 MB/s
Packaging content		Weight & dimensions	
Cables included	USB Type-C	Width	85 mm
Quick start guide	Yes	Depth	8 mm

Ports & interfaces

USB connector	USB Type-C
USB version	3.2 Gen 2 (3.1 Gen 2)
Wi-Fi	No

Security

Hardware encryption	Yes
Password protection	Yes
Security algorithms	256-bit AES

Height	57 mm
Weight	58 g

Packaging data

Package width	102 mm
Package depth	152 mm
Package height	54 mm
Package weight	186 g
Package type	Box

Features

Housing material	Aluminium
Product colour	Black
Windows operating systems supported	Yes
Mac operating systems supported	Yes
Compliance certificates	RoHS
Country of origin	South Korea
Certification	CE, BSMI, KC, VCCI, C-tick, FCC, IC, UL, TUV, CB, EAC
