Crucial P3 SSD

Basic bootup speeds won't cut it — not at work, on the go, or in the game. But the Crucial® P3 SSD is anything but basic. With NVMe™ performance that's nearly 6x faster than SATA and storage capacities up to 4TB, the P3 leaves older storage technology in the dust. Get faster bootups, downloads and file transfers, and store all your files, photos, videos, apps, and games with room to spare with the quality and dependability you expect from Crucial.

Affordable performance

Upgrade your PC with the performance it needs at a price you want. The Crucial P3 NVMe™ SSD delivers load times and data transfers that are 6x faster than SATA drives and 22x faster than HDDs.

Generous storage

With generous capacities up to 4TB, the Crucial P3 can hold massive amounts of files, documents, photos, videos, games, and apps, with room to spare.

High-quality innovation

Crucial P3 NVMe SSDs are built with high-quality Micron® Advanced 3D NAND, tested and validated to the exacting standards you've come to expect from one of the world's largest manufacturers of flash memory. Want proof? Go check out our award-winning line of SSDs.

Optimized security

SSD management software for performance optimization and firmware updates give the Crucial P3 everything you need for security and peace of mind.
