EMEA Region, Toshiba Storage Solutions – The 3.5-inch P300 Desktop PC Hard Drive delivers a high performance for professionals. With its dual-stage actuator, you can count on smooth, responsive computing. What's more, your data and media is secured with a ramp loading design, as well as a shock sensor. The P300 is available in capacities up to 6 TB.

Use for:

- Powerful desktop workstations
- All-in-one PCs
- Desktop PCs
- External enclosures
- Gaming computers

Powerful storage

The P300 is ideal for graphic designers and creative professionals looking for a powerful performance. Available in storage capacities of up to 6 TB, with fast read and write speeds and a secure design.

Performance alongside reliability

The P300's dual-stage actuator, available in the 2 TB to 6 TB models, improves positional accuracy, negating the effects on head-track alignment that vibrations can cause. This design makes for more precise, faster read and write speeds, and instant access to your data.

Enhanced access performance

The data read/write access sequence performance is further enhanced through innovative techniques to minimize head movement and disk revolutions. Optimized data access sequence helps improve performance and minimize mechanical workload from the drive.

Keep data secure

The P300's design includes an internal shock sensor, ensuring no data is lost. In addition, ramp loading technology means that when your hard drive or desktop PC are being transported, the drive slider does not make contact with the disk and risk wearing or data loss.

Built to deliver, designed to last

Toshiba is renowned the world over for 50 years of leading innovation – and the power behind its range of hard drives is no exception. Designed for high capacity and excellent performance, you can be sure that Toshiba's wealth of experience in hard drives is at work in your storage system.

Toshiba P300, 2 TB, 7200 RPM, 256 MB, 3.5", Serial ATA

Toshiba P300. HDD capacity: 2 TB, HDD speed: 7200 RPM, Storage drive buffer size: 256 MB, HDD size: 3.5", Interface: Serial ATA

Merkmale

		Power	
Other features		Power consumption (typical)	5.21 W
		Power consumption (idle)	2.92 W
		Operating voltage	5 / 12 V
Compliance certificates	RoHS		
Packaging data		Weight & dimensions	
Quantity per pack	1 pc(s)	Width	101.6 mm
		Height	147 mm
		Depth	26.1 mm
		Weight	450 g
Sustainability			

Sustainability compliance	Yes
---------------------------	-----

Technical details

Doesn't contain	Halogen
-----------------	---------

Operational conditions

Operating temperature (T-T)	0 - 60 °C
Storage temperature (T-T)	-40 - 65 °C
Operating vibration	0.5 G
Non-operating vibration	3 G
Operating shock	70 G
Non-operating shock	350 G

Features

HDD capacity	2 TB
HDD speed	7200 RPM
Storage drive buffer size	256 MB
HDD size	3.5"
Interface	Serial ATA
Type	HDD
Component for	PC
HDD interface transfer rate	6 Gbit/s
Advanced Format (AF)	Yes
Shock sensor	Yes
Start/stop cycles	600000
Native Command Queuing (NCQ)	Yes
Noise level (idle)	25 dB
