

Yubico YubiKey C Bio FIDO Edition

Artikel	128608
Herstellernummer	5060408464175
EAN	5060408464175
Yubico	

YubiKey Bio Series supports biometric authentication using fingerprint recognition for secure and seamless passwordless logins. Built primarily for desktop and designed to offer strong biometric authentication options, the YubiKey Bio Series offers the hallmark hardware security of Yubico, combined with a new user experience.

The YubiKey Bio Series is FIDO and FIDO2 certified. It works with Google Chrome or any FIDO-compliant application on Windows, Mac OS or Linux and with applications that provide FIDO or FIDO2 support through Chrome, Firefox, or Edge browsers.

BUILT FOR BUSINESS - Supports a range of business scenarios including privileged users, remote workforce, and mobile-restricted environments.

SUPPORTS DESKTOP - Designed for desktop and workstation applications, and perfect for call centers and shared workspace environments.

SECURES CLOUD LOGIN - Secure passwordless and second factor login for cloud-first environments or cloud and on-premise hybrid environments.

FIDO AUTHENTICATION - Works with services using FIDO2/WebAuthn and FIDO U2F
WORKS - YubiKey Bio Series works with popular web services.
