

Honeywell Voyager XP 1470g

Artikel	128827
Herstellernummer	1470G2D-2USB-1-R
EAN	8596375508279
Honeywell	

We designed the Voyager™ Extreme Performance (XP) 1470 series scanner for in-store retail workflows that require a highly accurate 1D/2D scanning solution in a durable form factor. Trust it for industry-leading scanning capability on traditional barcodes and digital screens – even on damaged and difficult-to-read codes. Backed by a 5-year warranty for corded models, and a 3-year warranty for cordless.

Fast, Accurate Scanning

Highly accurate, fast scans of even damaged and poor-quality barcodes. An extended depth of field scans to the bottom of the cart, saving time and back bending.

A Good Read Every Time

Enhanced performance on the barcodes stores scan every day: merchandise price tags, plus digital coupons, codes, and wallets on customers' smartphones.

Best-in-Class Durability

Engineered to 30 drops at 1.8 m (6 ft) and 1,000 tumbles at 0.5 m (1.6 ft), Voyager XP scanners are built to withstand busy point-of sale scanning, reducing the risk of errors and operational slowdowns and avoiding the hidden cost of warranty.

Integrated Analytics

Honeywell Operational Intelligence software delivers on-demand scan insights, enabling higher employee productivity and throughput.

Easy Software Updates

The Honeywell Scanner Management Utility (SMU) creates a holistic solution that automates how you deploy and update the scanners in your environment.

Disinfectant Ready Housings – New!

Select models now available with Disinfectant Ready Housings. These models can be cleaned regularly with a wide variety of cleaning solutions without damaging your product.

For the same competitive price as their predecessor, the Voyager™ XP 1470 series scanners offer you better durability and more powerful scanning capabilities than previous models – or any competitive scanner in their class. They're the perfect handheld scanner option for in-store retail workflows that include 1D and 2D barcode reading, and require a more robust and reliable solution.

We designed the Voyager XP 1470 series scanners to help ensure a better experience for your retail employees and your customers. Their enhanced ability to read poor-quality and damaged barcodes can save everyone from a frustrating checkout experience. The extended scan distance will reach right to the bottom of the customer's shopping cart, and the long Bluetooth range enables greater operational flexibility for line busting or peak season satellite POS stations.

The Voyager XP 1470 series scanners are ready for the rigors of busy, point-of sale scanning – they're engineered to withstand 30

drops at 1.8 m (6 ft) and 1,000 tumbles at 0.5 m (1.6 ft) – all while providing much better accuracy than comparable solutions.

And because we built the Voyager XP 1470 series scanners on the platform of our iconic Voyager series handheld scanners, they're fully backward-compatible with any Voyager accessories you already have, reducing your total cost of ownership.

Contact a Honeywell retail solutions expert today to learn more about what you can accomplish with Voyager XP 1470 series scanners and our Connected In-Store Retail Solutions.

Honeywell Voyager XP 1470g, Handheld bar code reader, 1D/2D, CMOS, Code 39, PDF417, UPC-A, UPC-E, Data Matrix, QR Code, 1040 x 720 pixels

Honeywell Voyager XP 1470g. Type: Handheld bar code reader, Scanner type: 1D/2D, Sensor type: CMOS. Connectivity technology: Wired, Standard interfaces: USB, Cable length: 1.5 m. Product colour: Black, Grey, International Protection (IP) code: IP40, Protection features: Shock resistant. Power source type: USB, Power consumption (typical): 2 W, Power consumption (standby): 0.45 W. Weight: 130 g, Width: 62 mm, Depth: 82 mm

Merkmale

Logistics data

Harmonized System (HS) code	84716070
-----------------------------	----------

Packaging data

Cables included	USB
-----------------	-----

Operational conditions

Operating temperature (T-T)	0 - 50 °C
Storage temperature (T-T)	-40 - 60 °C
Operating relative humidity (H-0 - 95% H)	

Performance

International Protection (IP) code	IP40
Protection features	Shock resistant
Product colour	Black, Grey

Ports & interfaces

Connectivity technology	Wired
Standard interfaces	USB
Cable length	1.5 m

Power

Power source type	USB
Power consumption (typical)	2 W
Power consumption (standby)	0.45 W
Input voltage	4 - 5.5 V

Weight & dimensions

Width	62 mm
Depth	82 mm
Height	169 mm
Weight	130 g

Scanning

Type	Handheld bar code reader
Scanner type	1D/2D
Sensor type	CMOS
Linear (1D) barcodes supported	Code 39, PDF417, UPC-A, UPC-E
2D (matrix & stacked) barcodes supported	Data Matrix, QR Code
Optical sensor resolution (W x H)	1040 x 720 pixels
Working distance	40 cm
Light levels (direct sunlight)	0 - 100000 lx
Tilt reading angle	-180 - 180°
Pitch reading angle	-65 - 65°
Yaw reading angle	-70 - 70°
