## **29" UltraWide Full HD Display**

### **More Space for Multi-Tasking**

UltraWide Full HD resolution (2560x1080) offers 33% more screen space in width than the FHD resolution (1920x1080) display, giving an aspect ratio of 21:9.

### **Elevate Your Home Office Equipment**

Thanks to the wide screen, you can enjoy your webinar with viewing larger materials and more attendees.

### **Online Classroom with Wide Field of View**

Easily manage textbooks, lectures, conversations and searches in a single view and turn the wide screen into your favorite online classroom.

### **Start Viewing Side-by-Side**

Enables you to work with reports at a glance with datasheets and slides side by side without repeating Alt-tab.

## **HDR10**

### **Detailed Contrast**

HDR technology is now applied to various content. This monitor is compatible with industry standard HDR10 high dynamic range, based on the sRGB 99% color gamut, supporting specific levels of color and brightness that enables viewers to enjoy the dramatic colors of the content.

### **IPS with sRGB 99% (Typ.)**

#### **True Colors and Wide View**

LG IPS monitor displays impeccable color accuracy. With a wide viewing angle, the IPS display boasts 99% coverage of the sRGB color spectrum.

## **1ms MBR**

### **Incredible Speed to Victory**

1ms MBR helps smooth gameplay, reducing blur and ghosting. Dynamic and fast-paced objects amidst all the action can give gamers a competitive edge.

### **AMD FreeSync**

#### **Clearer, Smoother and Faster**

With AMD FreeSync technology, gamers can experience seamless, fluid movement in hi-resolution and fast-paced games. It virtually reduces screen tearing and stuttering.

## **Game Mode**

### **Customized Modes for Any Game**

Gamers can choose Gamer, FPS, or RTS mode, and customize their experience. The settings can be adjusted and optimized for any

type of game.

#### **React Faster to Opponents**

Reduce input lag with Dynamic Action Sync so it helps gamers catch every single moment in real-time.

#### **Attack First in Dark**

Black Stabilizer helps gamers to avoid snipers hiding in the darkest places and quickly escape situations when the flash explodes.

#### **Better Aim**

Crosshair target point is fixed in the center to enhance shooting accuracy.

#### **USB Type-C (DisplayPort Alt Mode)**

##### **Easy Connectivity**

LG 29WP60G features a USB Type-C port supports DisplayPort Alt Mode. Simply using the one USB Type-C cable, full DisplayPort image signals can be transferred to an external monitor without dedicated display cables or active adapters.

#### **Reader Mode**

##### **Less Blue, Improved Visual Comfort**

Reducing blue light to help lessen eye fatigue, Reader Mode creates a screen with a color temperature similar to paper and provides optimal condition for reading.

#### **Flicker Safe**

##### **Care for Eyes**

Flicker Safe reduces invisible flickering on the screen and provides a comfortable working environment for your eyes.
