| Mikrotik                |               |

The home Access Point lite (hAP lite) is an ideal little device for your apartment, house or office.

It supports button triggered WPS, for the convenience of not typing a complicated password when somebody wants to have wireless internet access, and can also be told to change to cAP mode and join a CAPsMAN centrally managed network by the push of a button.

Of course, the device runs RouterOS with all the features, bandwidth shaping, firewall, user access control and many others.

The hAP lite is equipped with a powerful 650MHz CPU, 32MB RAM, dual chain 2.4GHz onboard wireless, four Fast Ethernet ports and a RouterOS L4 license. USB power supply is included.

## Zusammenfassung

---

It supports button triggered WPS, for the convenience of not typing a complicated password when somebody wants to have wireless internet access, and can also be told to change to cAP mode and join a CAPsMAN centrally managed network by the push of a button.

Of course, the device runs RouterOS with all the features, bandwidth shaping, firewall, user access control and many others.

The hAP lite is equipped with a powerful 650MHz CPU, 32MB RAM, dual chain 2.4GHz onboard wireless, four Fast Ethernet ports and a RouterOS L4 license. USB power supply is included.

Mikrotik hAP lite, 10,100 Mbit/s, 5 V, 3 W, White, Integrated antenna, 1.5 dBi

Mikrotik hAP lite. Ethernet LAN data rates: 10,100 Mbit/s. AC input voltage: 5 V, Power consumption (max): 3 W. Product colour: White. Antenna features: Integrated antenna, Antenna gain level (max): 1.5 dBi. Processor model: Qualcomm Atheros QCA9531, Processor frequency: 650 MHz, Internal memory: 32 MB

## Merkmale

### Logistics data

### Ports & interfaces

|                            |   |
|----------------------------|---|
| Ethernet LAN (RJ-45) ports | 4 |
|----------------------------|---|

|                             |          |
|-----------------------------|----------|
| Harmonized System (HS) code | 85176990 |
|-----------------------------|----------|

|            |   |
|------------|---|
| DC-in jack | Y |
|------------|---|

### Other features

|                   |             |
|-------------------|-------------|
| Wireless standard | 802.11b/g/n |
|-------------------|-------------|

### Power

|                         |     |
|-------------------------|-----|
| AC input voltage        | 5 V |
| Power consumption (max) | 3 W |

### Packaging content

|                     |   |
|---------------------|---|
| AC adapter included | Y |
|---------------------|---|

### Weight & dimensions

|        |        |
|--------|--------|
| Width  | 113 mm |
| Depth  | 89 mm  |
| Height | 28 mm  |

### Antenna

|                          |                    |
|--------------------------|--------------------|
| Antenna features         | Integrated antenna |
| Antenna gain level (max) | 1.5 dBi            |

### Design

|                |       |
|----------------|-------|
| Product colour | White |
| Reset button   | Y     |
| LED indicators | Y     |
| Internal       | Y     |

### Features

|                         |               |
|-------------------------|---------------|
| 2.4 GHz                 | Y             |
| Ethernet LAN data rates | 10,100 Mbit/s |

### Performance

|                     |                          |
|---------------------|--------------------------|
| Built-in processor  | Y                        |
| Processor model     | Qualcomm Atheros QCA9531 |
| Processor frequency | 650 MHz                  |
| Internal memory     | 32 MB                    |
