Foscam	

3K/5MP QHD resolution

This home security camera comes with 5MP resolution and provides high-definition images. Uninterrupted security, day and night.

Dual-Band WiFi

Foscam V5P camera has dual-band Wi-Fi, which means you can pair it with either 2.4GHz or 5GHz network. It reduces connection time and simplifies the setup process. Connecting to 5GHz network strengthens the connection and also prevents signal interference.

Human detection / vehicle detection

Say goodbye to the unwanted alarms triggered by moving branches or flying bugs. With advanced human/vehicle detection, the camera identifies true threats in the light of cutting-edge detection algorithms, giving you the utmost peace and relief.

Two-way audio

With built-in microphone & speaker, you can listen and talk back to whoever the camera catches. A 'hello' to families and friends or a warning to suspicious strangers.

Sound and light alarm

Once an intruder is detected, the camera's spotlight and siren will be triggered to warn potential criminals. You can also manually activate the spotlight to stop crimes before it happens and it supports a maximum 100dB alarm siren.

Weatherproof design

IP66-rated housing is specially designed to ensure protection against in bad weather.
