The power of Surface for Business

Surface for Business devices come with professional-grade security, device repairability and chip-to-cloud protection.

Includes Windows 11 Pro

Windows 11 Pro is designed to let you and your team work how and wherever you want. Powerful out-of-the-box protections like enhanced phishing safeguards and passwordless security ensure your information is protected, letting you focus on what matters most.

Built to last, easier to repair

Thoughtfully designed, Surface Go 4 for Business is easier to repair and maintain. Plus, major components, including the motherboard, battery, and more are replaceable through a network of authorised service providers or on-site through a skilled technician.

Zero-touch device deployment

Windows Autopilot streamlines and simplifies the entire device deployment process—from IT configuration to employee set-up—providing a fast, efficient and hassle-free experience for your workforce.

Quality and reliability for work in the field

Our most portable 2-in-1 Business laptop and tablet helps workers get the job done from anywhere with a faster processor, all-day battery life, and the hardware needed to collaborate on calls.

Up to 80% faster processor performance

Speed through emails, access records in a flash, and quickly respond to customers with the new Intel Processor N200.

Up to 12.5 hours battery life

Stay productive from anywhere with all-day battery life. Plus, Surface Connect and USB-C provide Fast Charging.

Ultraportable at only 521 g

With a 10.5" touchscreen and weighing only 521 g, Surface Go 4 for Business is our smallest, most portable Surface PC.

Dolby Audio™ with far-field Studio Mics

2 W stereo speakers with Dolby Audio™ and far-field Studio Mics let you have crystal-clear calls.
