

Soundcore Space Q45

Artikel	134194
Herstellernummer	A3040G11
EAN	0194644106966
Soundcore	

airplane engines A completely reworked noise canceling system that targets and blocks a wide variety of noise sources, from babies to crying. So you will be able to enjoy your personal space wherever you go.

Make All Spaces Your Own: Whether indoors or outdoors, commuting or flying... Space Q45's adaptive noise canceling system automatically determines the appropriate level for your location. You can also use the app to choose 1 of 5 noise canceling levels.

Ideal for Traveling: The noise canceling mode's 50-hour usage time is enough to take you around the world on flights without having to recharge your headphones. In normal mode, the usage time can be up to 65 hours; When your battery is low, you will get 4 hours of use when you charge your headphones for 5 minutes.

Hear Every Detail: The 40mm drivers are equipped with a pioneering dual-layer diaphragm made of silk and ceramic materials to produce sounds with intense bass and clean highs. The Space Q45 noise canceling headphones also support LDAC for High-Resolution Wireless Audio technology.

More Than Comfort: Space Q45 noise canceling headphones combine elegant design, ergonomic construction and comfort-enhancing details to provide a harmonious experience with your body.

Enjoy Your Personal Space Anywhere

With the 3-stage noise canceling system, low, medium and high frequency noises are targeted separately. The hybrid active noise canceling system reduces low-frequency sounds such as aircraft engines and traffic noise by up to 98%. The other 2 stages also filter out mid- and high-frequency noises such as baby crying and dog barking.

Ideal for Long-Term Flights and Travel

Up to 50 hours of usage time of the sound canceling mode will be enough for your vacation, a plane trip to take a tour around the world or commuting to work for weeks. In normal mode, your listening time reaches 65 hours; Even if you run out of battery in the middle of your journey, you will reach 4 hours of use with a quick charge of 5 minutes.

Noise Canceling Response Tailored To You

The adaptive noise canceling system detects external noises around you and automatically adjusts to different custom-made modes. Maximizes on flights and train journeys, reduces wind noise when you're outside, and adjusts to a lower, comfortable level when you're indoors.

Highly Detailed Sounds

Experience sound in brand new detail thanks to the Space Q45 Bluetooth headphones' innovative dual-layer diaphragm drivers. The bass is extended for extra impact. Vocals are rich, highs are clear. All of this makes each layer of the song stand out.

Hi-Res Wireless Audio

Even when you use the Space Q45 Bluetooth headset in wireless mode, the LDAC mode transmits 3 times more data than standard

Bluetooth codecs for a stunning high definition experience.

Robust and Fitted Design

The Space Q45 noise canceling headphones are packed with comfort-enhancing details. Made of aluminum alloy, the hinges flex to adapt to the shape of your head, and the padded band is easily expandable thanks to its seamless glide design. The large-diameter earmuffs adapt to different sizes of ears, while the flexible and soft cushions provide hours of comfort.

Customized Transparency

Talk mode lets you talk to people around you comfortably, while the 5 transparency levels in the app allow you to adjust how much of the noise around you is heard.

Multipoint Connection

You can connect the Space Q45 noise canceling headphones to 2 devices at the same time; this option is ideal when you want to switch between listening to music, joining remote meetings and making calls

Soundcore Space Q45, Wired & Wireless, Calls/Music, 20 - 20000 Hz, 292 g, Headphones, Black

Soundcore Space Q45. Product type: Headphones. Connectivity technology: Wired & Wireless, Bluetooth. Recommended usage: Calls/Music. Headphone frequency: 20 - 20000 Hz. Wireless range: 15 m. Weight: 292 g. Product colour: Black

Merkmale

Operational conditions

Operating temperature (T-T) -10 - 60 °C

Packaging content

Quick start guide	Yes
Safety sheet	Yes
Carrying case	Yes
Cables included	AUX, USB Type-C

Packaging data

Package width	180 mm
Package depth	230 mm
Package height	74 mm
Package weight	818 g

Weight & dimensions

Width	88 mm
Depth	161 mm
Height	190 mm
Weight	292 g

Microphone

Microphone type	Built-in
Microphone frequency	20 - 8000 Hz
Microphone sensitivity	-36 dB
Number of microphones	2
Microphone noise-canceling	Yes

Performance

Product type	Headphones
Wearing style	Head-band
Recommended usage	Calls/Music
Headset type	Binaural
Product colour	Black
LED indicators	Yes
Signal-to-Noise Ratio (SNR)	65 dB
Works with Apple Siri	Yes

Ports & interfaces

Connectivity technology	Wired & Wireless
3.5 mm connector	Yes
USB connectivity	Yes
USB connector	USB Type-C
Bluetooth	Yes
Bluetooth profiles	AAC, AGHFP, AVRCP, LDAC
Bluetooth version	5.3
Wireless range	15 m

Headphones

Ear coupling	Circumaural
Headphone frequency	20 - 20000 Hz
Impedance	16 ?
Headphone sensitivity	93 dB
Driver unit	4 cm
Noise canceling	Yes
Noise canceling type	Active
Total Harmonic Distortion (THD)	3%
Transparency mode	Yes

Battery

Battery operated	Yes
Battery type	Built-in battery
Battery technology	Lithium Polymer (LiPo)
Battery capacity	750 mAh
Continuous audio playback time	50 h
Continuous audio playback time (charging case/ANC on)	50 h
Continuous audio playback time (charging case/ANC off)	65 h

Battery recharge time	2 h
Battery voltage	3.8 V
Fast charging	Yes
Fast charging time	5 min
Charging source	USB
