Make it on Wacom Cintiq

Wacom Cintiq is a creative pen display that helps you bring your ideas to life on screen. Vibrant color, HD clarity and ergonomic design combine with the super-responsive Pro Pen 2 to take your work to the next level.

Wacom Cintiq in a nutshell:

Increase your productivity with the powerful screen and pen combination. 8,192 levels of pressure sensitivity give you amazing precision.

The pen reacts to the tilt of your hand and accurately responds to each movement, immediately.

The 1920 x 1080 full HD display is built for creativity, with anti-glare, reduced parallax, foldable legs and more to make your work flow easier. Plus, it's durable and scratch resistant.

Features overview:

Wacom Pro Pen 2 offers precision and control – with 8,192 levels of pressure sensitivity, low activation force and tilt recognition.

Never need to charge the pen – EMR (Electro Magnetic Resonance) technology draws power from your Wacom Cintiq.

Comfortable in your hand – weight-balanced, rubber grip and easy reach of the side buttons.

Get easy access to your favorite software's shortcuts – with the pen's programmable side buttons.

Avoid distracting reflections as you work – thanks to a layer of anti-glare film.

See your cursor appear exactly where you would expect with reduced parallax.

Rely on Wacom Cintiq day after day – thanks to durable, scratch resistant materials.

Reduce fatigue in your arms and shoulders – with enough room to rest your hands while you draw.

Get into the perfect position – a pair of foldable legs let you adjust how you want to work. An optional stand gives you even more control

See every detail of your work – the 1920 x 1080 full HD display gives you all the clarity you need.

Work in vibrant, but realistic color – with 72% of NTSC color gamut.
