For the first time ever Tab S10 Series is pre-equipped with Galaxy AI —putting a massive, AI-powered studio canvas in your hands.

## **Iconic design. Iconic feel**

There's a touch of innovation in every detail — with all new design accents on the S pen, charging area and camera deco. And each one feels amazing to the touch.

## **Galaxy AI optimised for the big screen**

You've seen Galaxy AI, but not like this. This massive screen brings Galaxy AI features to life in a big way to maximise your productivity and fun.

## **Your personal note-taking assistant**

Get meeting notes while staying completely engaged in the meeting — just record the meeting then transcribe audio to text. Galaxy AI can then format and summarise those notes, making note-taking effortlessly easy.

## **Edit in Split View**

Formatting your notes gets even easier in Split View — helping you format while keeping track of the original.

## **Translate whole PDFs**

Need to read a PDF in a language you don't know? Now you can. Get instant translations in an easy-to-read overlay.

## **Rocket science just got easier**

Solve Math makes calculation a cinch — automatically calculating complex formulas. And with Handwriting Help, it can even decipher your handwriting.

## **Circle to Search with Google on the big screen**

Experience the power of Circle to Search with Google on a larger screen. Just circle, highlight, or tap an image or text to get Google Search results. You can even get instant translations.

## **Dream it. Draw it. Done**

Use Sketch to Image to turn your rough sketches and doodles into artwork with the help of AI and S Pen wizardry. Drawing is more powerful than ever.

## **Launch AI with a single tap**

Press the Galaxy AI Key to unleash Galaxy AI to search what you want. Your keyboard is now highkey amazing.

## **The power of Galaxy AI across devices**

Your Galaxy AI arsenal only grows the more Galaxy AI products you own. Plus, all the Galaxy AI features you love on other Galaxy devices are also here on Tab S10 Series.

### **Go large or ultra large**

Dive in to deeper colours and truer blacks all optimised for the Dynamic AMOLED 2X display. Immerse yourself in a cinematic experience with incredible resolution and ultra smooth interactions on what many consider the ultimate display.

Rev up the excitement with an ultra fast, powerful processor. When the action really heats up, it keeps cool with the larger Vapor Chamber cooling system — built to more efficiently cool the longer you game, or binge videos.

### **Save more of what you love**

Store more. From creative projects, to movies, to games to even just photos with tons of available internal storage.

### **Busts dust. Withstands water**

A little water won't hurt you. In fact, you're in the clear in up to 1.5 meters of fresh water for up to 30 mins.

### **Durability that can't be beat**

The Enhanced Armor Aluminum frame is more durable than ever and ready to take all kinds of drops.

### **More battery. More games. More video**

Put all that battery life to good use. Game for hours and hours, binge your favorite shows, then Super Fast Charge back to 100% just like that.

### **An ultra-wide camera to capture more of your world**

The Ultra Wide front-facing camera ensures your video calls keep you framed up to perfection. On the flip side, capture stunning HD video and photos you can edit right on your Tab S10 Series.
