Apple	

The new Apple Pencil delivers pixel-perfect precision and industry-leading low latency, making it great for drawing, sketching, colouring, taking notes or even marking up emails, and more. And it's as easy and natural to use as a pencil.

The new Apple Pencil also features an intuitive touch surface that supports double-tapping. So now you can change tools without setting it down.

Made specifically for the 11-inch iPad Pro and 12.9-inch iPad Pro (3rd generation), it also features a flat edge that attaches magnetically for automatic charging and pairing.
