Yealink VCM36-W

Wireless Microphone for Video Conferencing System

6-Meter 360° Voice Pickup Clearly Capture Every Corner

With its built-in 3-microphone array and Yealink self-developed algorithm, VCM36-W features a 20ft (6m) and 360° voice pickup range, perfectly capturing every voice in medium and large meeting spaces. Moreover, with the Yealink Noise Proof Technology, VCM36-W filters out environmental noise within 90 decibels, delivering crystal-clear audio performance.

Explore Wireless Technology - Embrace Workspace Flexibility

Enjoying the wireless transmission design of VCM36-W, users just need to pair the microphone with the meeting room devices once to start. No more concern about connecting the cables or how different units cascade together. Users can wirelessly connect microphones according to the specific scenarios, simplifying the deployment and allowing users to place and use the device freely.
