F-Secure

F?Secure Internet Security

Keep your devices safe and protect your money online.

Relax and enjoy the best antivirus protection

Today's advanced online threats require advanced online protection that also covers mobile devices. F?Secure Internet Security anti-virus protects you from malware and more with comprehensive security features.

Keep your money safe online

Banking Protection secures your connection and checks every website that you enter, so you can enjoy safe online shopping and banking. It automatically blocks unsafe apps and websites to prevent anyone from hijacking your banking sessions or accessing your financial data.

Avoid harmful websites

Explore the internet freely without worrying about risky or dangerous websites. Browsing Protection blocks scam sites and keeps your data safe. Color-coded search results warn you about suspicious web pages before you click them.

Get virus protection for all devices

Internet Security protects you against viruses, ransomware, spyware, infected email attachments and other cyber threats. Top-rated for protection and performance, the app ensures that your devices stay clean and fast — whether you are using a Windows PC, Mac, Android or iOS device.

Protect your children online

Manage screen time, filter content, and manage app installations with the best parental control features. We've made digital parenting easy for you — apply the same profile across all your devices, manage the rules remotely and use the same app for your whole family.

Enjoy the best gaming experience

Keep malware out and your gaming sessions uninterrupted. Gaming Mode frees up system resources while maintaining essential protection levels. It automatically suspends pop-ups, scans or updates when you start a game, for an uninterrupted experience.

Zusammenfassung
