The CG530 4F is a panoramic ATX case featuring fully glass-covered front and side panels. It comes pre-installed with 4 PWM ARGB fans, delivering a captivating gaming ambiance, and transforming your build into the ultimate "SHOW CASE". With room to support 160mm air coolers or 360mm radiators, cooling will not be an issue.

The CG530 4F features a wide case structure with a dual-chamber layout, PSU and hard disks benefit from separate air channels, while support for rear connector motherboards keeps the internal layout impeccably neat and organized.

The CG530 4F targets users who are looking for a panoramic ATX case that can support the most commonly used components. With a dual-chamber layout and supporting rear connector motherboards, The CG530 4F is a great starting point for price-conscious users who want to display their hardware proudly. It is an excellent option for seasoned enthusiasts and basic users alike.

THE ULTIMATE "SHOW" CASE

Experience the ultimate showcase build with its pillarless design. Featuring a seamless, non-A-pillar construction, the CG530 4F boasts both a tempered glass side panel and a glass front panel, providing a crystal-clear view of components in full display, turning it into a true work of art.

Advanced Dual-Chamber Design

Featuring a wide case structure with a sophisticated dual-chamber layout, this case ensures excellent compatibility and optimal airflow. The PSU and hard disks benefit from separate air channels, while support for rear connector motherboards keeps the internal layout impeccably neat and organized.

High-Performance Aesthetics

Engineered for both superior aesthetics and thermal efficiency, the CG530 4F comes pre-installed with three PWM ARGB reverse flow fans on the side and one PWM ARGB standard fan on the rear. This advanced fan configuration not only optimizes heat dissipation but also enhances system performance, while the four PWM ARGB fans deliver a captivating gaming ambiance, transforming your build into the ultimate "SHOW CASE".

Versatility and Compatibility

The CG530 4F accommodates components ranging from a 210mm PSU, to a 410mm GPU, ensuring installation of the most powerful components without compromise. Supports ATX motherboards and offers 7 expansion slots, providing ample room for multiple GPUs, high-end sound cards, and other peripherals. Additionally, the CG530 4F features versatile storage options with 2 x 3.5" drive bays and 2+1 x 2.5" drive bays, allowing a mixture of storage solutions for optimal performance and capacity.

Maximum Cooling Capabilities

Never fear the heat with CG530 4F's exceptional cooling support. Designed to house a variety of cooling components, it offers wide compatibility for radiators and fans to keep your system running cool under any load.

This versatile setup ensures optimal airflow and efficient heat dissipation, making it perfect for high-performance builds and overclocking enthusiasts. Whether using air or liquid cooling, the CG530 4F is engineered to deliver peak thermal performance and

keep components performing at their best.

Easy Maintenance and Cable Management

Keep your build pristine and your components dust-free. The top and bottom panels are equipped with magnetic air filters, making cleaning a breeze and providing robust dust prevention. Additionally, the backplane offers an impressive 45mm of wiring space, ensuring that cable management is straightforward and hassle-free. Enjoy a clean, organized interior that enhances airflow and simplifies maintenance.

WELL CONNECTED

Additional I/O ports, featuring dual USB 3.0, USB TYPE C, and 2-in-1 audio port, offers seamless connectivity for multiple devices, enhancing user versatility and system integration.

DeepCool CG530 4F WH, Midi Tower, PC, White, ATX, ITX, micro ATX, Acrylonitrile butadiene styrene (ABS), SPCC, Tempered glass, Gaming

DeepCool CG530 4F WH. Form factor: Midi Tower, Type: PC, Product colour: White. Supported power supply form factors: ATX, PS2. Side fans installed: 3x 120 mm, Side fans diameters supported: 120,140 mm, Rear fans installed: 1x 120 mm. Supported HDD sizes: 2.5,3.5". Width: 285 mm, Depth: 440 mm, Height: 399 mm

Merkmale

Other features

Tempered glass panel thickness	4 mm
--------------------------------	------

Storage

Supported HDD sizes	2.5,3.5"
---------------------	----------

Power supply

Power supply included	No
Supported power supply form factors	ATX, PS2

Ports & interfaces

Audio output	Yes
USB 3.2 Gen 1 (3.1 Gen 1) Type-A ports quantity	2
USB 3.2 Gen 2 (3.1 Gen 2) Type-C ports quantity	1

Weight & dimensions

Width	285 mm
Depth	440 mm
Height	399 mm

Cooling

Side fans installed	3x 120 mm
Number of side fans supported (max)	3
Side fans diameters supported	120,140 mm
Rear fans installed	1x 120 mm
Number of rear fans supported (max)	1
Rear fans diameters supported	120 mm
Number of top fans supported (max)	3
Top fans diameters supported	120,140 mm
Number of bottom fans supported (max)	3
Bottom fans diameters supported	120 mm
Liquid cooling capability	Yes
Side radiator sizes supported	120,140,240,280 mm
Bottom radiator sizes supported	120,240,360 mm
Top radiator sizes supported	120,140,240,280,360 mm

Design

Material	Acrylonitrile butadiene styrene (ABS), SPCC, Tempered glass
Form factor	Midi Tower
Type	PC
Product colour	White
Supported motherboard form factors	ATX, ITX, micro ATX
Number of 3.5" bays	2
Number of 2.5" bays	3
Number of expansion slots	7
Side window	Yes
Suitable for	Gaming
Illumination	Yes
Illumination colour	Multi
Illumination location	Case fans
Tempered glass panel(s)	Yes
Anti-dust filter	Yes
Cable management	Yes
Reset button	Yes
On/off button	Yes
Maximum CPU cooler height	16 cm

Maximum graphics card length	41 cm
Maximum PSU length	21 cm
