Surface Laptop Studio 2 for Business

The power of Surface for Business

Surface for Business devices come with professional-grade security, device repairability, and chip-to-cloud protection.

Built to last, easier to repair

Thoughtfully designed, Surface Laptop Studio 2 for Business is easier to repair and maintain. Plus, major components, including the display, keyboard assembly, battery, and more are replaceable through a network of approved service providers.

Zero-touch device deployment

Windows Autopilot streamlines and simplifies the entire device deployment process—from IT configuration to employee setup—providing a fast, efficient, and hassle-free experience for your workforce.

Powerhouse performance for your business

Get over two times more computing power and up to two times more graphics performance with the latest processors and cutting-edge professional-grade GPU. Up to 64 GB of system RAM and long hours of battery life keep your team productive all day.

13th Gen Intel Core processors

The latest processors, built on the Intel Evo platform, deliver over two times the power to boost performance and help you focus on getting the job done.

Cutting-edge NVIDIA graphics

Design, engineer, or render your next product with the NVIDIA RTX 2000 Ada Generation, or create and edit content faster with the NVIDIA GeForce RTX 4050 or 4060 laptop GPUs.

Up to 64 GB memory and 2 TB storage

Generous system RAM and ultra-fast SSDs with up to 2 TB of storage let you multitask without breaking a sweat.

All day battery life

Stay charged and productive no matter where the day takes you without worrying about running out of battery.

One device that does it all

The dynamic woven hinge enables seamless transitions between a powerful laptop for heavy workloads, a perfectly angled display for collaboration and presentations, and a portable canvas for notetaking.

Collaborate better in Stage Mode

The 3:2 aspect ratio display gives you 18% more vertical screen real estate than a typical laptop, ideal for working in documents and spreadsheets, viewing CAD files, editing videos, and building 3D models.

Write and draw in Studio Mode

Take notes and sketch on a portable digital canvas with a refresh rate up to 120 Hz for smooth and responsive writing. Magnetically attach, store, and charge Surface Slim Pen 2 for Business under the front of the keyboard.
