The desktop mount allows you to individually arrange monitors from 35". The monitors can be swiveled, tilted and rotated. The integrated gas spring facilitates height adjustment. With quick release function.

- Perfectly adjusted ergonomic monitor position for all heights
- For monitors from 15" to 35" (VESA 75 / 100), up to 15 kg
- Monitors can be swiveled, tilted, rotated and height adjusted
- The integrated gas spring facilitates height adjustment
- Easy installation with clamp fixture on desk
- Quick-release function enables rapid attachment or removal of monitors
- Compact design with cable management
- Suitable for flat and curved displays
- Convenient table clamp with screw fastening
- Two mounting options: both table clamp and pass-through rod are included in the scope of delivery

With the universal monitor mount from DIGITUS®, you can conveniently attach a monitor with dimensions between 15" - 35" to your desk using a clamp fixture. The quick release function also makes it easier for you to install the monitor. The VESA bracket is simply inserted into the corresponding mount and automatically snaps in. Without a great deal of effort, you can arrange the monitor according to your needs and swivel, tilt or rotate the monitor, for instance for monitors in portrait mode. Support of the integrated gas spring facilitates height adjustment of the monitor. The monitor cables can be stored in an orderly fashion using the cable routing included in delivery. Do a good deed for yourself and your health by adjusting your monitor optimally for your body and your sitting position.
