CHARGC05

GC ChargeSource 5 charger equipped with 5 fast USB ports, with a total power of 52W - a modern charger for all devices equipped with USB ports

One USB-A Ultra Charge port provides up to 3.5x faster charging for the latest iPhone SE (2020) / 11 / XS / X / XR or Samsung Galaxy S20 / S20+ / S10 / S10+ / S10e smartphones

Four USB-A Smart ports allow you to match the optimal charging speed to each connected device

Robust case and perfectly designed inside guarantee full operating safety and resistance to scratches, shocks and falls

Introducing the new order

With the GC ChargeSource 5 charger you will control the chaos of cables and chargers, organizing them into a stylish and functional charging spot wherever you like.

Become the master of your space and charge up to 5 devices at the same time at the maximum possible charging speed.

1x

Ultra Charge 18W

Green Cell's own technology that allows up to 3.5x faster charging. Compatible with Quick Charge 3.0, Apple 2.4A, Samsung AFC and Huawei FCP.

4x

Smart Charge 12W

Intelligent USB ports that automatically adjust the optimal charging power for each connected device

FAST CHARGING

Turn several minutes into several hours

We know, that your time matters, so thanks to the fast ports on the GC ChargeSource 5 charger, you can charge your smartphone up to 70% in 30 minutes!

You will be back in the game with Green Cell in just a few minutes!

Functionality combined with aesthetics

The fast ChargeSource 5 ports are closed in an extremely light, compact and stylish casing. Thanks to this, the charger not only looks great on the desk, but also is the best companion during all travels.

Connect every USB device

Thanks to GC ChargeSource 5 you will charge all compatible devices, regardless of what type of port they have.

Smartphones, tablets, bluetooth headphones, smartbands or even Nintendo Switch - all you need is the right cable and unlimited access to energy will become a reality.
