

Canon PIXMA iP8750 photo printer

Artikel	80269
Herstellernummer	8746B006
EAN	4960999992167
Canon	

Enjoy stunning quality photos up to A3+ with this premium 6 single ink printer. Print wirelessly around the home including from smartphones, tablets and Wi-Fi cameras. Ideal for photo enthusiasts.

- Premium A3+ printer with wireless connectivity for photo enthusiasts
- 6-colour system includes grey ink for exceptional colour and mono prints
- Efficient individually replaceable single ink tanks and optional XL inks
- Printing from smartphones and tablets with Canon PRINT app
- Apple AirPrint, Google Cloud Print and Wireless PictBridge support

Premium A3+ photo printer

This premium photo printer, with a sophisticated design, boasts an advanced 6 colour ink system allowing you to print stunning quality photos in sizes from 10x15cm up to A3+ as well as documents - making it the ideal choice for photo enthusiasts.

Exceptional performance

The 6 colour system includes a grey ink for richer colour photos and stunning mono prints, while FINE print head technology with up to 9600dpi resolution delivers exceptional details for photo-lab quality results, fast.

Wireless connectivity

Use and share the printer wirelessly around the home. Download Canon PRINT app to print from your smart devices. Apple AirPrint and Google Cloud Print support is also provided. Print photos directly from wireless cameras using Wireless PictBridge.

Save money on ink

Print more for less. The single ink system with individually replaceable ink tanks means you only have to change the colour that runs out, reducing any wastage. The optional XL inks allow you to print more pages and offer savings of up to 30% per page compared with standard inks.

Get creative

It's easy to organise and print your photos with the My Image Garden software. It lets you search through your images and create attractive designs for printing, including directly onto printable discs. Enjoy access to a wide range of professional quality creative content with CREATIVE PARK PREMIUM.

Hybrid ink system

The dye-based inks (C, M, Y, GY and BK) produce stunning quality colour photos while the pigment black ink (PBK) is used to create documents with crisp, sharp text. Genuine Canon inks feature the ChromaLife100+ system, producing photo-lab quality photos that can also last a lifetime.

Find out more about the Canon PIXMA iP8750, its features and what it can do.

- Only change the ink which runs out
- Use and share wirelessly

- Canon PRINT app
- Tablet and smartphone ready
- Optional high yield inks
- Quality long lasting photos
- Print directly onto disc
