## **Complete protection for your devices, privacy, and identity**

### **Identity Features & Premium Services**

#### Identity Protection

Ensures no one takes advantage of your identity, keeps your documents safe, and prevents remote access to your system.

#### 24/7 Remote IT Support

Premium support for premium customers – helping you resolve security issues around the clock.

### **Privacy Features**

#### Private and Uninterrupted Browsing

Tools to stop online tracking, ads, and unauthorised connections to your home's devices, so your data and smart home system are secure.

#### Personal & payment info protection

Guards your banking apps, identifies data and password leaks, and protects you from crypto scams.

#### Unlimited & Fast VPN

Complete online privacy and freedom without compromising on speed.

### **Performance Features**

#### Hard Disk Cleaner & Health Monitor

Tools to help you manage your device storage space, perform HDD health checks, and prevent any loss of your data.

#### Performance Optimisation

Quick measures to boost the speed of your devices and make them run as fast as they were designed to.

#### Uninterrupted Entertainment

Allows you to watch movies, play games, or use fullscreen apps without any interference – all at the maximum speed.

### **Security Features**

#### Antivirus

Multilayered protection designed to prevent and neutralise viruses and malware.

#### Anti-Hacking

Tools to prevent unauthorised access and hijacking of your computer. Includes anti-ransomware, firewall, and cryptojacking protection.

#### Existing Threat Removal

Technologies to detect vulnerabilities, remove viruses, and repair your PC if it has already been infected.
